## There's Definitely Something About Britney.....

Written by Tracey Dawkins in Gossip with 2 Comments

Let's face it; for the last few years, life hasn't been a bed of roses for the Toxic singer. With her troubled relationships and losing custody of her children, Sean Preston and Jayden James, it's no wonder poor Britney had that infamous breakdown (remember the time when she hacked off all that hair?) The 31-year-old seemed to be back on track in April last year when she was landed a role as one of the judges on American X-Factor, signing a jaw-dropping \$ 15 million contract. However she quit the show after one season and to make things worse, she split from her fiance Jason Tarwick. Is Britney losing control again?

Not a Chance! When Britney arrived at Elton John's annual AIDS Foundation Party on Sunday, she meant business! Not even God could anticipate the outcome! The pop princess has ditched her (dare I say it) trashy (and often) lifeless blonde trademark for rich brunette locks. Posing in the black sequined gown by Michael Cinco, it makes a refreshing change from seeing Ms Britney parading around in almost non-existent outfits. Her new effortlessly chic look received a very warm welcome, as she made quite an impression on the red carpet....and across the web.

So what's with the change, Britney? According to sources; the mom-of-two said she just 'wanted a change'. Or maybe it's something to do with David Lucado, the new beau her life? Judging from the smile in the above picture, I think he's definitely has a positive impact on the American sweetheart.

I am so liking adult Britney. I feel she is in a successful process (and it is a process) of getting her life together on her terms for whole happiness. I'm excited to see and hear what she is going to do!

## Is Joan Rivers Rolling in TOO Deep?

Written by [Tracey Dawkins](#) in [Gossip](#) with [2 Comments](#)

You can't help but love Joan Rivers: she doesn't care if her cold (but hilarious!) one-liners slice a person in two! This time it is Adele's weight that's under attack....and this time her one-liner is no laughing matter.

The string of jibes came thick and fast after meeting the Grammy award-singer at the Oscar awards over the weekend. Rivers took to tweeter and posted: 'On Sunday night, you could easily pick out Adele's statuette out of a lineup. It's the only one wearing Spanx.'

And the jibes don't end with the fiery tweets....oh no!

Rivers appeared on the Late Show with David Letterman on Wednesday night – and the acid-tongued comedienne just couldn't help herself! The 79 year said to Letterman: 'What's that song? Rolling in the Deep? She should add Fried Chicken.'

To make things worse, The E-Fashion Police presenter went all out and made another attack on the Adele, by puffing out her cheeks and spreading out her arms, indicating the size of the singer.

As you can imagine, the audience wasn't too impress. Responding to the audience hisses and boos, Rivers hit back sarcastically: 'Oh no! No, she's thin!'

So what's Adele's response to the relentless digs? The star remained tight-lipped....for now. The new mom has a sting in her tail and, no doubt, she'll be more than ready to use it!

However Adele will have to join the queue of putting Rivers in her place. Just a few days after the Adele attack, Rivers offended the entire Jewish

community by unleashing a seriously twisted Holocaust joke about model Heidi Klum.

She said: The last time a German look this hot is when they were pushing Jews in the ovens."

**Advice** for Ms Rivers: keep your big mouth shut and run for cover!

I actually used to love Joan Rivers. Back when she was still hungry and so she was still funny. I was a child then but I am old enough now to know she is way past her expiration date.

I wonder how she would like it if someone made the kind of “jokes” she makes culling from her personal life.

Just off the top of my head, I could remark that her husband Edgar (Rosenberg, Melissa’s father) was so eager to be rid of Joan he figured suicide was the only real way he could be sure to be completely rid of her.

Or how about, (in the spirit of her mentor Johnny Carson, who she also stabbed in the back):

Q -”Just how untalented is Joan Rivers’ daughter?”

A – So untalented that she has to go by her mother’s maiden name because she has no discernible talent or notable ability of her own.

See how easy that is? Now if I could get on Letterman and say that I wonder how long before Joanie would cry foul.

I have always like Joan Rivers, I do think that comedians maybe should lay off the weight jokes a little but to be honest I think everyone needs to relax a little with getting offended with the nationality and race jokes already. There is way too much political correctness IMO people need to chill out a joke is a joke

## Lindsay, Just Take Charlie Sheen's Offer!

Written by [Tracey Dawkins](#) in [Gossip](#) with [1 Comment](#)

With a lot of drama going on in her life, Lindsay Lohan needs all the help she can get! She had a once-in-a-life opportunity when actor Charlie Sheen reached out to help her.

Sheen told TMZ: "I have a kinship with somebody who clearly needs a mentor, whether she wants it or not. She can continue to hang out with her dress shredding club buddies or turn to me for some advice from a guy who've been down the road as well as every over side trial on the journey."

He concluded: "If she listens, she'll win. If she doesn't, that's on her."

What did Lindsay do in response? She flat-out REJECTED the offer! On top of that, the 26-year-old has told friends that she wants him to keep his mouth shut and that he has no business talking her up to the media. Charming.

Well, Lindsay has some class as she does appreciate what Sheen has done for her. Sheen recently gave her a cheque of \$100,000 to straighten out tax problems as well as pushing work her way in his series, Anger Management. Despite Sheen's help, she said that he is not the right person to guide her as he had 'his own struggles and personal demons.'

What is she talking about?!? The fact that Charlie has been to hell and back, makes him the PERFECT man for the job. It wasn't that long ago that Sheen's life was littered with drug and alcohol abuse as well as getting in trouble with the law.

If Sheen wants to 'save' Lindsay, he needs to come up with a plan like ASAP. Lindsay is facing trial later this month for lying to the police about a car accident last June.

Lindsay, your life is a total mess....you're facing trial...again! Your ass could end up in jail! For Christ's sake, take Sheen's help.... don't look a gift horse in the mouth!

## The End Of The 'Bieber Fever': Justin Bieber Arrives Late At Concert

Written by [Tracey Dawkins](#) in [Gossip](#), [Just My Opinion](#) with [1 Comment](#)

Someone needs to say a prayer for this boy –or bring him down a peg or two (whatever works best.)

Justin Bieber left thousands of young female fans in tears (and left parents hopping mad) after he arrived 2 HOURS late for his concert at the London Arena o2 on Monday night. The concert was scheduled to start at 8:30 pm – but Bieber arrived at 10:30pm, finishing the concert just before midnight! As many of his fans need to get ready for school in the morning, most of them left without seeing the Canadian singer perform on stage.

Bieber claimed that he wasn't two hours late. Apparently he tweeted that he was only 40 minutes late and insisted that the concert started at 9:35 –not 8:30.

So Bieber, what was your reason for being ridiculously late? The 19-year-old blamed it on technical issues (whatever that means.)

Screw the technical problems and the lame excuses, what about the countless of fans who spent a fortune on a ticket and never got the chance to see you perform your half-baked songs? How about a refund?

Following the uproar from fans (well, their parents), the next night Bieber made sure he arrived on the stage on time...in fact, he was two minutes early. As fans tweeted relentlessly on how he put on a spectacular show, I wondered if the damage is already done, caused by Monday night's fiasco.

Well, I predict that the 'Bieber Fever' is beginning to wear off.

## Kelly Osbourne Rushed To Hospital After Suffering A Seizure

Written by Tracey Dawkins in Gossip with 0 Comments

I'll be the first one to admit that I've never been a huge fan of foul-mouth Kelly Osbourne – but I was quite shocked and genuinely concerned to learn that she suffered a seizure while filming her Fashion Police show.

Apparently the incident happened yesterday afternoon in front of a full studio audience. Kelly was seated next to guest judge Melissa Rivers. Suddenly the 28-year-old turned to Melissa and said: 'I don't feel well'. Out of the blue, she fell off the chair and started shaking. Melissa and a member of the audience (who was, luckily, a doctor) rushed to her aid.

Thank God Kelly came round a few moments later. Concerned for her wellbeing, the crew thought it was best to send her to the hospital.

What I find so surprising about this story is that this is her first seizure – so no one has a clue what triggered it off. This must be a very terrifying moment for Kelly: try to put yourself in her shoes – one minute you're sitting next to Melissa Rivers filming a show and then all of a sudden you're rush to hospital, not knowing what happen in the middle.

Her condition was unknown, until Melissa emerged from the hospital with mom Joan Rivers (who also witnessed the Kelly's seizure). Joan Rivers told TMZ:" She's fine. We just saw her."

Kelly's seizure is the latest episode of the Osbourne 's misfortune: last year, mom Sharon beat cancer – but had a double mastectomy as a precaution and her little brother Jack was diagnosed with Multiple Sclerosis last June.

Kelly, I wish you a speedy recovery...my heart goes out to the Osbourne family.

## Meet The New Snooki!

Written by Tracey.Dawkins in Gossip with 2 Comments

Looking at the picture above, you'll never guess that it's Snooki – not in a million years!

The Jersey Shore favorite is looking SUPER HOT in her animal-print bikini on the cover of the latest edition of US magazine. In an interview with the publication, she revealed that she lost 42 pounds after giving birth to her adorable baby boy, Lorenzo, last August.

So what's the motivation behind Snooki's impressive weight loss? She told US magazine: "I did it for me. I also wanted (fiancé) Johnny LaVille to know that I can be a hot mom."

Well Snooki, you certainly achieved that! Mission accomplished!

With a sizzling body like that, you'd think that the pint-sized star would be over the moon...but there are two saggy reasons why Snooki is not completely happy with her new image – her boobs!

She said "I've always wanted a boob job because I have big boobs, but when I take the bra off, they sag. I hate that. Everyone tells me to get them done after I have kids. So I'm going to pop 'em out and then get a boob job."

Pop 'em out?!? You can always rely on Snooki to be ladylike. When she gets her boob job, maybe she can buy some class?

She is so adorable. What a truly beautiful face and the hair color she chose is resplendent. I always had a soft spot for Snookie, I thought she was just so cute, even when she was acting out being a normal post-teen. I think she rocks her mommyhood, bless her heart.

## Desperate times for Producers of Real Housewives Beverly Hills....

Written by Tracey Dawkins in Bravo, Gossip, The Real Housewives of Beverly Hills with 0 Comments

When Adrienne Maloof left Real Housewives of Beverly Hills last week, the search was on to fill her place on Bravo's TV hit show.

The producers had model Penny Lancaster in mind as the perfect replacement. Most minted (and I dare say it bored) housewives of America's most desired zip code would jump at the chance to appear on the show. However it was rumored that the 41 year old declined the offer.

Ouch! I bet that put the producers' nose out of joint!

This was confirmed by her ageing rocker husband Rod Stewart on Thursday. 68 year old singer went on to say: "She doesn't do that sort of thing. She's just happy being a mom."

Stewart was adamant that his stunning spouse is no stepford wife. He said: "Whatever she wants to do, she does, she's an independent woman."

The producers were REALLY hoping that the mom of two would join the cast of the show to spice things up – her stepson, Sean Stewart is currently dating Adrienne! Also hit by the departure of cast member Camille Miller, the producers continue their fanatic search for the next real housewife of Beverly Hills.....I bet all my life savings (which is not much) that their crisis will be short-lived.

## Oh Boy! Kris Humphries Family Adds To The Humphries/Kardashian Saga

Written by Tracey.Dawkins in Gossip with 0 Comments

Whenever I see stories about the never-ending battle of Kris Humphries' and Kim Kardashian's divorce, I usually do a massive internal eye roll, switch off and move on to the next story. Personally I find this whole drama very draining and tedious until....

I came across a few stories across the net today about the whole Humphries/Kardashian drama. For the first time, I sat up and took note....and that's because Humphries' family decided to break their silence and speak out.

Speaking for the first time to British newspaper, The Sun, Kris's uncle Mike and aunt Deidre said that Kris' 72 day marriage to the reality TV star 'was a Sham'.

Deidre said: "My understanding of a marriage is people are going to give it more than 72 days unless there's serious abuse. If I felt somebody had duped me and used me in front of the whole world, I would be very angry. She should admit that it was a sham at the very least."

Mike added that Kris is adamant that he wants an annulment – because he's out for revenge. Mike said: "I can see him wanting a pound of flesh back. I believe he wants payback."

Then Mike added something that, I'm sure, everyone would agree with: "Kris Jenner (Kim's mom), is behind this façade – she's the mastermind. You can see that's the brains making that thing go. The wicked part is she's using her family to make that

thing. All of it's really due to her."

I couldn't put it better myself.

The divorce trial is set on the 6 of May. Let's just hope that both parties can put an end to their joke of a marriage and move on and enjoy the rest of their sorry lives. Like me, I'm sure you don't want to hear any more of it....but I have a horrible feeling that there will be another episode to this soap opera.

## Lindsay Lohan's Daddy Is The New Cheaters Presenter!

Written by [Tracey Dawkins](#) in [Gossip](#) with [0 Comments](#)

He's following (well, kind of), in his troubled daughter's footsteps by launching a TV career as a presenter of a new reality TV show *Celebrity Cheaters* – a spin-off to the much-loved programme *Cheaters*.

Michael Lohan will help famous figures investigate whether their other half is up to no good. The caught-in-the act show is expected to air in the autumn. That sounds interesting.

Speaking to *The New York Times* about his new role, Lohan said: "Infidelity is a real issue that everyone can identify with. Even if there isn't infidelity in a relationship, most people think there's some cheating going. With the divorce rate so high, I think celebrities have as much if not more and a lot of people want to step up and talk about."

I have a better idea for a show: maybe Mr Lohan can present a programme or documentary about out of control actresses, starring you know who? Awkward it may be, but that will make a REALLY interesting show! It will certainly boost the ratings!

Note to TV producers who are struggling for ideas: if you're liking my suggestion, just give me a buzz anytime!

## There's Something Different About Angela Bassett's Latest Role...

Written by [Tracey Dawkins](#) in [Gossip](#) with [0 Comments](#)

There's no denying that Angela Bassett is an excellent actress who has a strong reputation of taking on roles of powerful women. Her portrayal of Tina Turner and Rosa Parks is second to none. But in her latest role, the Oscar-nominated actress has taken a slightly different direction....

According to several entertainment sources, the 54-year-old will be portraying Secret Service Director Lynn Jacobs in the new action thriller, *Olympus Has Fallen*, which tells a story about a terrorist kidnapping the U.S. President. The film also stars heavyweights Morgan Freeman and Aaron Eckhart.

OK her character in the film sounds like a strong and powerful woman – no change there. But this time Bassett's role was originally written for a man.

Bassett admitted that she would never have landed the job if it wasn't for the clever direction of director Antoine Fuqua. It was reported that Fuqua went against the screenwriter's original idea of keeping in line with the law enforcement agency's history of male bosses.

The *Malcolm X* star said of her latest role: "There's never been a female director of the Secret Service, ever. It's only a matter of time, so it was a wonderful casting decision that our director Antoine Fuqua made."

No doubt we look forward to another powerful performance from Ms Bassett.
